Moscow Claims Slaughter of 140,000 Nazis Strategic Pacific Bases Damaged by U. S. Naval Units

VIOLENT BATTLES DEVELOP

Special Dispatch From Smolensk Province Reports Russians in Complete Possession of Twelve Districts and Challenging Enemy in at Least Ten Others

FRESH OUTBURST OF ACTIVITY IN FAR NORTH

BY EDDY GILMORE

Moscow, March 25—(A)—Russian dispatches reported today that the German armies have lost more than 140,000 men in killed alone since Feb. 5, with the heaviest toll on the Kalinin front, where the invaders were said to have suffered 61,700 casualties up to March 21.

While Soviet forces struck fresh blows toward the west and smashed counterattacks from German lines reported reinforced by 38 fresh divisions, other Nazi losses itemized in communiques and special announcements gave these figures:

Central front—40,000 killed between Feb. 6 and March 5.

Leningrad front—16,000 killed March 9-22.

Northwestern front—14,000 killed Feb. 22-March 10.

Southern and southwestern fronts—About 10,000 killed March 7-12.

A special dispatch from Smolensk province, west of Moscow, said violent battles had developed, with Russian troops in complete possession of 12 districts and challenging the Germans in 10 others. Such districts correspond closely to counties in the United States.

From Marshal Semenov Timoshenko's southern army came a report that Soviet scouts had penetrated Tseganog, German-held port on the sea of Azov, exchanged fire with the garrison, tossed grenades into a barracks and retired.

Battling against invasion lines newly reinforced by 38 or more divisions, Soviet forces were reported today to have slain 16,000 Germans on the Leningrad front alone during the two weeks ended March 22.

GREEKS ARE ACCUSED OF DESERTINGSHIPS

Pittsburgh, March 25—(A)—Habeas Corpus action to free 13 Greek seamen accused of deserting their ships after outbreak of the World War and overstaying leaves, will be argued before Federal Judge Nelson McVicar on March 30.

Involved is a legal question that would affect several hundred other Greek sailors whom the government has been rounding up in the United States, attorneys said.

In their petition, counsel for the sailors stated they believed immigration authorities plan to take the men outside the jurisdiction of the court without their consent and possibly deport them.

ONE BLADE WEEK FOR SHAVERS IN FUTURE

The War Production Board ordered production of safety razors, straight razors and razor blades curtailed today, under a limitation program which WPB said would allow an average of one blade a week to each shaver.

Electric razors were not included under the restrictions, but WPB officials cautioned that "they will be taken care of in another order to be issued soon."

During the next 90 days, the board directed, manufacturers may produce 70 per cent of their average 1940 monthly output of safety razors.

WAR BULLETINS

London, March 25—(A)—Prime Minister Winston Churchill disclosed today that the Italian naval force which set out to attack a British Mediterranean convoy on its way to Malta on Sunday comprised "one of the most modern and powerful battlefleets afloat," six cruisers and a flotilla of destroyers.

New Delhi, India, March 25—(A)—Chinese headquarters in Burma reported today that a force of 1,000 Japanese troops captured an airbase north of Tounghoo, key of Allied resistance, yesterday afternoon.

Canberra, Australia, March 25—(A)—Prime Minister John Curtin told the house of representatives today that recognition of the high importance of Australia in Allied strategy may be the turning point in the war, and declared that General Douglas MacArthur would have

Legislature Aims to Quit Before the End of Next Week

Leaders of Both House and Senate Acknowledge Unemployment Compensation Law Amendments May Delay Adjournment

MANY BILLS EXCHANGED

Harrisburg, March 25—(A)—Pennsylvania's general assembly centered attention today on the chances of ending the special session before Easter as house and senate moved rapidly to clear up piecemeal law changes essential to the war program.

Charles H. Ealy (R-Somerset), president pro tempore of the senate, asserted he was hopeful the task could be completed before the end of next week.

James A. Getz, of Allegheny, the Republican floor leader in the senate, expressed similar sentiment and said the five bills reported for action yesterday constituted the last of the senate program.

The two senators acknowledged, however, that differences over unemployment compensation law amendments were liable to hold up final adjournment. Both branches have passed a bill raising benefits and leaders said a conference committee would likely get the job of making a new measure from the best features of both bills.

The senate passed one bill, appropriating an extra \$250 salary for each member of the legislature today, and the house handled only routine matters. Both branches

BIDDLE IS NOT ENTERING RACE FOR GOVERNOR

Washington, March 25—(A)—Attorney General Francis Biddle said today he had "a very definite intention of what to do" about suggestions that he run as the Democratic candidate for governor of Pennsylvania. "I'm not going to run."

Asked at a press conference about comment attributed to Senator Guffey (D-Pa) that the attorney general was "up to his neck in Pennsylvania politics," Biddle said, "I'm not in at all."

COMPROMISE ON LABOR CHANGES BELIEVED NEAR

CIO and AFL Profess Readiness to Modify Overtime Pay Scales But Drive is Pressed for Suspension of Short Week

OPPOSITION UNCHANGE

Washington, March 25—(A)—The CIO and AFL professed readiness to modify their overtime pay scales today in response to administration efforts, but despite this a house drive pressed forward for suspending the 40-hour-week in war industries.

The agitation for a longer workweek in arms plants continued unabated even though President Roosevelt reiterated his opposition to changing the 40-hour week.

The way events were moving on the labor-production controversy, led many on Capitol Hill to believe that a definite showdown was ahead, perhaps involving some sort of a compromise.

One authoritative source disclosed that the house naval committee was studying legislation which would put only war industries on a standard 48-hour-week, with a bonus-incentive plan to spur production. The double purpose of the bill would be the reduction of labor costs on arms contracts and the recapture of all war order profits above six per cent.

Committee discussion of this bill followed the action of the CIO and AFL in offering to forego some of the extra pay now provided for in existing contracts.

RUMANIA, HUNGARY HAVING DIFFICULTIES

Moscow, March 25—(A)—The Moscow radio reported today that Moscow had broken out into open fighting between army units east of Sighisara, on the Transylvanian frontier of the two countries.

The broadcast declared there were casualties on both sides.

CRIPPS MAKING SOME PROGRESS

New Delhi, India, March 25—(A)—Sir Stafford Cripps held his first conference with Congress Party leaders on his proposals for Indian freedom today amid indications that the plan he had brought from London was meeting with a favorable reception.

Favorable comment was heard in the central legislative assembly lobbies as that body went into session, with both Congress Party and Muslim League members stalling

SIBERIAN ATTACK IS PREDICTED

London Military Quarters Forecast Possibility Japan, With Drive Toward Australia Stalled, May Stage Spring Offensive Against Western Russia

CURTIN WARNS AGAINST TOO MUCH OPTIMISM

BY ROGER D. GREENE
Associated Press War Editor

London military quarters forecast the possibility today that Japan, with her drive toward Australia stalled by Allied aerial counter blows, might attack Russia on the Siberian frontier even before Adolf Hitler launches the German spring offensive in the west.

Military sources declared the rewards of a successful Japanese assault on Siberia and Vladivostok, the U. S. S. R.'s major Pacific port, were too great for the Tokyo general staff to ignore.

Whatever behind the scenes strategy was brewing for the great battles of 1942, it was evident that Japan was making little headway in the campaign against Australia, but at the same time Australia's Prime Minister John Curtin warned against too optimistic hopes of an allied grand counter-offensive.

Kunming dispatches said American volunteer group "Flying Tigers" had knocked 40 grounded planes out of action and slain most of their pilots as they ran toward the cockpit in a surprise raid at dawn yesterday on the Japanese occupied airport of Chiengmai, Thailand.

Of yesterday's Japanese raid on Corregidor, at the mouth of Manila Bay, the Tokyo newspaper Nichi Nichi declared the island fortress "was completely enveloped in smoke as Japanese bombs were poured on enemy positions and silenced anti-aircraft batteries."

By official American accounts, however, damage was slight and three of the 54 heavy bombers participating were destroyed.

The U. S. navy reported that two four-stacker destroyers, the Pillsbury and Edsall, were considered lost in Java waters after having been missing since early March. Each normally was manned by 145 men. Their loss increased to 21 the announced total of American naval vessels destroyed.

Third War-Time Selective Service Contingent Departs

Most of the Twenty-Nine Men in Group Given Send-Off This Morning At Rural Sections Of County

ONE DELAYED ON WAY

With a large crowd of friends and relatives on hand to bid them farewell, Warren county's third wartime Selective Service contingent left this morning by train for an unannounced induction center.

There were 29 in this morning's group, most of them from rural sections of the county and all from the district covered by Local Board No. 2.

The men left for the induction center in a special car attached to the regular eastbound train this morning.

An instrumental quartet from the Salvation Army was on hand and played several selections as the men boarded the train. Each of the men was presented with a testament on behalf of the Warren County Ministerial Association.

The fact that the train was about 15 minutes late saved one of the selectees from missing connections, Stanley Rasmovitz, of Maguire Run, Tidoute, had a break-down with his car while on his way here and was forced to walk about a mile before catching a ride near Irvine. He arrived at the station just a few minutes before the arrival of the train.

JAPANESE SEIZE ISLAND IN THE BAY OF BENGAL

New Delhi, India, March 25—(A)—The Indian government announced today that the Andaman Islands in the bay of Bengal have been occupied by the Japanese.

The Andaman Islands are a chain north of Sumatra and some 300 miles southwest of Rangoon. They lie along the sea routes to Calcutta, chief eastern Indian port, 650 miles to the northwest, and would be a stepping stone for the Japanese in their westward thrust toward India itself and toward the vital British naval base of Trincomalee, on the island of Ceylon.

This occupation was the first Japanese seizure of Indian territory.

The Andamans first came under air attacks on Feb. 27. (Today London heard the Rome radio broadcast Tokyo dispatches that the islands again had been bombed.)

The group consists of 204 jungle-covered islands, which from 1858 to 1921 were used as an Indian convict settlement and where since 1865 the British have operated a large meteorological station for shipping.

Say it With Flowers But Not Easter Lilies

Boston, March 25—(A)—You can still "say it with flowers" for Easter—but because of the war with Japan you'll have to be something of a magician to say it with Easter lilies.

Arno Nehrling, former president of the Society of American Florists said today there will be only 2,000,000 real Easter lilies available for the entire country instead of a pre-war annual supply of approximately 23,000,000, of which more than 18,000,000 were imported from Japan.

ARMY DIVISIONS ARE ORGANIZED FROM DRAFTEES

Creation of Three New Units to be Vanguard of American War Machine Being Put Together For "Victory Year" is Announced

IN SOUTHERN CAMPS

Washington, March 25—(A)—The army brought three additional divisions into being today, the vanguard of the American war machine being put together for the "victory year" of 1943.

Streamlined successors to outfits which made history in 1918 in France, the units were the first of 32 infantry divisions to be added this year as a part of the army's initial stage of expansion to 3,600,000 men.

At camps in the south where the commanders, officers and picked non-commissioned officers already were on hand to start intensive training expected to last a year, the ranks started filling with men only a few days out of civil life. They were taken directly from reception centers to speed the process of multiplying the nation's armed strength.

The 77th Division, known as the "Metropolitan Division" in the first World War because its members came from New York City and its environs, is being assembled and trained at Fort Jackson, S. C., under Major General Robert L.ichelberger, former commandant of the Military Academy.

The 52nd, forming at Camp Claiborne, La., is commanded by Major General Omar N. Bradley.

The "All-American Division" of 1918, it gave to history Sergeant Alvin C. York who won the Congressional Medal of Honor as the captor of 132 German prisoners.

PRICE HIKE IN CRUDE ALLOWED

Increase in Quotation for Pennsylvania Grades, Announced by the Price Administration Today is Viewed as a Means of Stimulating Production

5,000 ADDED BARRELS DAILY IS REQUIREMENT

BULLETIN

Washington, March 25—(A)—The Office of Price Administration today granted a price increase of 25 cents a barrel on all grades of Pennsylvania grade crude oils, effective March 25. The increase was allowed in order to stimulate production to meet military demands. A second advance of the same amount has been promised, OPA said, when output reaches 85,000 barrels a day average over a three months' period.

BY EDWARD CURTIS

Tulsa, Okla., March 25—(A)—The first price increase since the start of the war appears in the making for Pennsylvania crude oil. Pennsylvania crude is needed for its fine lubricating properties to grease the war machinery of the United Nations.

An increase in price, if it comes as expected by oil executives here, is viewed as a means of stimulating production. They declared as much as 5,000 additional barrels daily could be used in the nation's war effort.

Mid-continent oil men view any increase in Pennsylvania crude prices as unrelated to their own hopes of higher schedules. The midwestern and gulf producing states still are struggling with the transportation problem to the east coast, which is suffering from restricted supplies.

Seeking a concrete picture of all transportation privileges, pipeline subcommittee members of District 1, 2 and 3 are meeting here. While the group has met in

HANDCUFFED FUGITIVE IS STILL AT LARGE

Uniontown, March 25—(A)—State motor police today pressed their search for a 23-year old negro janitor who, District Attorney H. Vance Cotton said, has been identified by finger prints as a fugitive wanted in Atlanta, Ga., in connection with a slaying.

The fugitive, identified by Cotton as Joe Spain, escaped Monday from a county detainer, after having been handcuffed. Police sighted him twice in the mountainous, wooded district east of here, but he outran them, they reported.

ANOTHER SHIP IS BLASTED BY SUB IN THE ATLANTIC

Norfolk, Va., March 25—(A)—Continuing their intensive campaign against Allied merchant shipping off the Atlantic coast, Axis submarines blasted a medium sized American vessel into a V-shaped wreck Saturday morning, sending her captain, E. V. Peter, of New York, to almost certain death.

The other 36 crew members escaped in four life boats, eight crewmen in two boats were picked up by a rescue ship after nine hours adrift and were landed at Norfolk. Another ship rescued 29 others and took them ashore at Southport, N. C., the Fifth Naval District said in announcing the sinking today.

First Mate Christian A. Hansen, of Wilmington, N. C., told newsmen he believed Captain Peters was lost.

Crewmen said two torpedoes struck the ship about one minute apart, both on the starboard side.

Washington, March 25—(A)—The Navy announced today that a medium sized United States merchant vessel had been torpedoed off the Atlantic coast.

Retabulating for the sneak attack on Pearl Harbor, United States warships and bombers were officially disclosed today to have staged two dramatic, "highly successful" attacks on Japanese island outposts in the Pacific, striking within 900 miles of Tokyo, and other good news for the Allies came in reports that the Dutch were still battling Japan's invasion armies in the Indies.

Simultaneously announcements by the navy in Washington and a naval spokesman at Pearl Harbor said task forces of the Pacific fleet, including cruisers, destroyers, planes and carriers, struck with devastating fury at the enemy-occupied islands of Wake and Marcus late in February and early March.

Naval planes rained 96 bombs on Marcus island, destroying a radio station, hangars, storages, ammunition and fuel. A nearly completed air base was bombed and damaged in the attack, which was carried out against fierce anti-aircraft batteries.

"No enemy aircraft or ships were present," a navy communique said.

Destruction of the Marcus radio station was believed to have knocked out a radio locator device for detecting approach of American ships or planes toward the heart of the Japanese-dominated area of the western Pacific.

Other swift-breaking developments in the far Pacific theatre included:

1. In Philippines, a war department bulletin reported that Japanese aerial bombardment of harbor defenses of Manila Bay and American-Pilipino positions on Bataan Peninsula was resumed, and that continued enemy ground activity indicated the arrival of fresh Japanese reinforcements.
2. On Mindanao island, 600 miles south of Manila, the army reported local skirmishes near Digos in which "our troops were successful."
3. In the Dutch Indies, reports reaching Australia said Dutch forces were continuing to resist the Japanese in central Borneo, central Sumatra and parts of Celebes island, during the invaders' back at some places.
4. In Burma, Chinese headquarters acknowledged that the situation on the Tounghoo front, Allied left wing anchor, was "serious," with a heavy battle in progress as Chinese troops sought to dislodge enemy forces which captured an airfield north of Tounghoo.
5. Chinese reports said Japanese cavalry and infantry in civilian dress—the latter possibly traitors—had been beaten off after cutting the storied road to Mandalay 20 miles north of Tounghoo yesterday.
6. A U. S. navy communique said the navy's task force destroyed enemy boats, seaplanes and numerous shore installations, and captured prisoners.
7. Wake Island, heroically defended by American marines until they were overwhelmed by numerically superior Japanese forces last Dec. 23, lies midway between the Hawaiian and Philippine Islands. Marcus island is 760 miles west-northwest of Wake and about 2,600 miles northwest of Honolulu.

BOMBARDMENT OF MANILA BAY IS CONTINUED

Resumption of Enemy Ground Activity in Bataan is Indicated by Arrival of Fresh Enemy Reinforcements

PORT OF MATI TAKEN

Washington, March 25—(A)—The Japanese aerial bombardment on harbor defenses of Manila Bay and American-Pilipino positions in Bataan were resumed today, the war department reported in a communique, and continued enemy ground activity in Bataan indicated arrival of Japanese reinforcements.

The bombing attack was carried out by 27 bombers and some smaller planes, the department said, but there was no report on results.

Only slight damage was inflicted yesterday in a bombardment by 54 heavy Japanese bombers, the department has said.

Reports of local skirmishes, with Philippine troops successful, in the vicinity of Digos on the west shore of Davao gulf, Mindanao, also were received by the department.

Tokyo (From Japanese Broadcasts), March 25—(A)—Special detachments of Japanese blue-jackets have landed and occupied the town of Mati, 38 miles southeast of the big port of Davao on the southern Philippine island of Mindanao, Dorei reported today in a dispatch from Manila.

Dorei said the landing was made March 15. Mati is on the east coast of the spur of Mindanao which forms the southeastern arm of Davao bay where the Japanese made one of their first landings in the Philippines.

Dorei also reported that Japanese naval units patrolling seas about the Philippines had seized the Princess of Negros, 522-ton United States freighter, and another 300-ton craft.

MARTIN IN RACE TO STAY, TAYLOR STATES

Philadelphia, March 25—(A)—Major General Edward Martin, former commander of Pennsylvania's 28th Division, has obtained his release from the army to campaign for the state gubernatorial nomination.

His campaign manager, State Senator Taylor, said the release, effective April 1, means Martin "is in the gubernatorial race to stay."

The general has been engaged in Civilian Defense activities at the Fifth Corps Area headquarters in Columbus, O.

BRITISH DROP BOMBS AROUND ATHENS AREA

Rome (From Italian Broadcasts), March 25—(A)—The Italian high command announced today that British planes had dropped a number of high explosive and incendiary bombs on the Athens, Greece, area, destroying houses in suburbs and killing one Greek civilian.

The high command said that RAF planes also bombed the Libyan port of Bengasi.

There were no military operations worth mentioning on the Cirienean (Libyan) front, it said.

Cairo, March 25—(A)—British army headquarters reported today only that "dust storms over the whole (Libyan) front restricted activity yesterday."

75 SERBS ARE KILLED IN GERMAN REPRISALS

Bern, Switzerland, March 25—(A)—Seventy-five Serbs have been executed in reprisal for the killing of a police chief in a bold attack on a main Belgrade street, a Budapest dispatch to the Neue Zuercher Zeitung reported today.

The dispatch said Police Chief Kosmajac, head of the anti-Communist department of police in the Axis-conquered Serb state, and a detective who accompanied him were shot down by Komitadjji members of a Serb patriot secret order.

The killers were not found.

Box Score of Enemy Losses In Latest Assaults of Allies

Pearl Harbor, March (Delayed)—(A)—Here is the box score of two raids on Japanese-held territory by units of the United States Pacific fleet:

Wake Island (Feb. 24): Sunk—two patrol boats, dredges, fuel barges; shot down—one four-engine seaplane; destroyed—two other four-engine seaplanes, fuel oil and gasoline storages, underground hangars, magazines and store houses; captured—a few prisoners; United States losses—one plane.

Marcus Island (March 4): Destroyed—radio station, hangars, storages, houses, ammunition, fuel and gasoline storages; damaged—nearly-completed air base; United States losses—one plane.

OBITUARY

A. L. SCHNEIDER

Albert Louis Schneider, pioneer resident of this county, passed away Tuesday at 1:15 p. m. after an illness of six months. He was born April 3, 1860 in Queenstown, Armstrong county, the son of the Rev. George W. and Katherine Peters Schneider. His maternal grandparents were Christine Slivis and Adam Peters, pioneer residents of Pennsylvania.

He had spent the greater part of his life in Warren county, where he engaged in the oil business with his father. He was a good citizen, public spirited and supported every community effort for improvement and had held various township and county offices. He was a member of North Star Lodge, No. 241, F. and A. M.; Warren Commandery, Knights Templar; Coudersport Consistory and the Clarendon, I. O. O. F. He was a faithful member of the Methodist church for more than 60 years, his father having been minister of that faith.

He is survived by his wife and five children: Mrs. Wales Connolly, Ludlow; Mrs. Charles H. Terry, San Turco, Porto Rico; Mrs. G. C. Lynch, Philadelphia; George L. Schneider, Tulsa, Okla., and Chas.

To Take Charge at Metzger-Wright's

Above are some of the women who have ousted the men at Metzger-Wright's store and are to be "Executives for a Day" on Saturday. Reading left to right, seated, are Matilda Eckardt, Clara Carter, Betty Anderson, Frances Cederquist; standing, Anne McGarry, Pearl Johnson, Blenda Hinkley, Helen Schultze, Mable Nelson, Vangie Carlson and Marie Guertin.

Down, down, down will go the men of Metzger-Wright's Saturday, March 29th, when the women of the store take over for the day. All of the key positions will be in charge of the women who have set their goal as the greatest sales day of the year.

Miss Betty Anderson, who will depose W. H. Wright as vice president, is well qualified for the position, as she has been with the Metzger-Wright Company since it consolidated with C. H. Smith Company, where she served in the same capacity as she does now, that of buyer of domestic, yard goods and linens.

Immediately upon her election, Miss Anderson stated that each one on her staff who replaced a buyer must start right out to find the best values in her department and offer them for this great day. "We have to show the men that we women at Metzger-Wright's can fill their shoes just as thousands of women all over the coun-

try are filling men's shoes," she said.

Miss Julia Fabricki, who will take the place of William Lord as buyer of accessories, said she knew of several items she would offer.

Up spoke Mrs. Carter, who will take the place of Henry Holmlund in wallpaper: "I had some exceptionally good values last year. I'll just see that I have this year, too."

"What about you, Mrs. Guertin? You will have charge of ready-to-wear. Can you assure us of some values up there?"

"You just wait and see; we'll have so many everyone will flock to our floor!"

"That's the way to talk," said Miss Anderson.

"Let me say something," said Frances Cederquist, who will take the place of L. C. LeVan as buyer of china and housewares. "Remember last year? Well, we're going to have better values than that."

"Don't forget me," said Mrs. Vangie Carlson. "I am going to show Allan Johnson just what I can do. I'll be the buyer of house-furnishings and will give the women of Warren what they want!"

"So will I," chimed in Tillie Eckardt, who will be the buyer of shoes in place of Mr. Landers. "What about us?" chorused the rest.

"You can give them service," said Miss Anderson. "You can give them the best service they have ever had."

In this chorus were Mrs. Pearl Johnson, who will leave candy to take over deliveries; Helen Schultze, who will be manager of the office, and Mable Nelson, who will become credit manager in place of Mr. Pressel.

"Boy, what windows I've got in mind!" said Anne McGarry, who will take the place of Warren Clark as display manager. "I'm going to use as my theme, 'Women Working for Victory'."

Yes, it's going to be a great day at Metzger-Wright's Saturday.

PLAN SERVICES FOR HOLY WEEK IN CHURCH HERE

Dr. Harold C. Warren, pastor, will preside for the community Holy Week services to be held next Monday through Thursday in the First Presbyterian church. These noonday devotions, arranged by the Warren County Ministerial Association, are open to the public, begin promptly at 12:30 p. m. and close as promptly at 1:30 p. m.

Announcement is made today that the schedule will be carried out as follows:

Monday—"The Irresistible Cross," Rev. E. K. Rogers, First Lutheran; Scripture, R. W. Reynolds, Y. M. C. A.; prayer, Rev. Bertil Edquist, St. Paul's.

Tuesday—"The Answer to Doubt," Rev. W. C. Woodward, United Brethren; Scripture, Major B. E. Flinn, Salvation Army; prayer, Rev. S. R. Schieb, Salem Evangelical.

Wednesday—"The Man of Sorrows," Rev. E. P. Wroth, Trinity Memorial; Scripture, Rev. Jesse Knapp, Clarendon Methodist; prayer, Rev. O. C. Mingleford, Church of the Nazarene.

Thursday—"Life's Vital Relationships," Rev. John C. Bengtson, Bethlehem Congregational; Scripture, Rev. Ernest Kaehnick, American Sunday School Union; prayer, Rev. Martin Hamlin, Calvary Baptist.

Dr. Thomas E. Colley will preside in his church, the First Methodist, for the three-hour devotional period on Good Friday. The theme will be "The Seven Words From the Cross," with these speakers: Rev. Harold Knappenberger, Grace Methodist; Dr. J. A. Davidson, First Baptist; Dr. Warren, First Presbyterian.

The final hour, from two until three o'clock, will be occupied with the presentation of the Dubois cantata, "The Seven Last Words," sung by an augmented choir under the direction of Carroll A. Fowler.

BORO TEACHERS FAVOR PAYROLL DEDUCTION PLAN

Members of the Warren Borough Teachers' Association at their regular meeting at the high school Tuesday afternoon, voted to request the board of education to make regular payroll deductions for the purchase of United States defense bonds.

Miss Millicent Kopp announced the last party of the season, to be held in the Beatty gymnasium on April 20.

A special meeting of the association cabinet has been called for Thursday of this week in order to discuss plans by which teachers of the borough may participate to a greater extent and more efficiently in the work of the Pennsylvania State Educational Association.

A resolution of respect for Miss A. Bessie Johnson, who died on March 13, and of sympathy to her family was read by Miss Ruth W. Merkle.

Upon adjournment of the business meeting, Miss Glenda Gilmore, president, introduced Mrs. Magno de Carvalho. By means of a victrola record, Mrs. Carvalho prefaced her talk with presentation of the Brazilian national anthem and after a display and explanation of symbols of the Brazilian flag, continued in her charming manner to give a most interesting and informative talk about Brazil. She touched on its history, geography, educational system and culture. With records and pictures Mrs. Carvalho, assisted by her son, Charles, illustrated both the music and art of her native country.

JOSEPH E. PHILLIPS

Sheffield, Mar. 25—Funeral services in memory of Joseph E. Phillips, local shoe repair shop proprietor, who died yesterday, will be held at 9 o'clock Thursday morning in the St. Callistus church, Kane. Rev. Daniel E. Dougherty will officiate. The remains are at the Phillips residence, 221 Bayard St., Kane, where friends may call at their convenience.

ONE DIVORCE IS GRANTED DURING COURT SESSION

Three divorce cases were continued and another granted in the morning session of today's regularly scheduled argument court, presided over by Judge Allison D. Wade.

In the case of Katherine Robertson vs. Emanuel Robertson, Judge Wade granted the divorce, while the other three cases will be heard again March 31, in a special court session.

Minor petitions were solicited before the court and attorney's fees set, but the only additional case of importance was the final hearing in distribution of the Riverside Acid Works.

Court adjourned about 11:15 o'clock this morning, but resumed at two o'clock this afternoon and was in session at press time.

The regular argument court concludes with a session tomorrow, it was stated today.

DOUBLE FEATURE AT LIBRARY THEATRE TODAY AND THURSDAY

"A Gentleman At Heart"

Love is where you find it—but who would ever think that tall, dark and handsome Cesar Romero would meet blithe, blonde and beautiful Carole Landis in an Art Gallery! But when cupid finds culture and culture finds Romero—and Romero can't find Milton Berle—you're in for a feast of romance and merriment in 20th Century, "A Gentleman at Heart," opening at the Library Theatre today and Thursday.

"Paris Calling"

The greatest mass drama of modern times, the evacuation of a great European capital and the flight of the civilian refugees ahead of the invading armies is re-created in University's powerful "Paris Calling," which comes to the Library Theatre today and Thursday. The picture presents Elizabeth Berner, famed Continental star, in her first appearance in an American made production. She is co-starred with Randolph Scott.

Included in the cast are Basil Rathbone, Gale Sondergaard, Edward Cinnelli, Lee J. Cobb, Charles Arnt and William Edmunds.

Acid Indigestion

Plan Observance of Arbor Day in State

Harrisburg, March 25—The present year will be the first time that Arbor Day will be celebrated on the birthday of Dr. Joseph T. Rothrock, as a memorial to the "Father of Forestry in Pennsylvania," in accordance with the Act of Assembly approved June 19, 1941.

The statute provides that the governor each year shall appoint appropriate days to be designated as Arbor Days and shall recommend that such days be suitably observed by widespread planting of trees and shrubs and by group and community programs stressing the value and importance of trees and forests. One of these Arbor Days shall be the ninth of April, the birthday of Dr. Rothrock, except when the ninth day of April falls on Saturday, Sunday and Good Friday. The statute further provides that each day designated and proclaimed as Arbor Day shall be known also as Bird Day, and it shall be the duty of every teacher in the public schools of this com-

monwealth to devote together with their pupils at least two hours of such school day to the study of birds, trees and general conservation of resources. It shall be the duty of all school superintendents within the commonwealth, county, city or otherwise, to see to it that the requirements of this act are complied with.

PLAN PENALTIES FOR VIOLATION OF BLACKOUTS

If the state senate and house of representatives can reconcile their differences of opinion, citizens of Pennsylvania will face severe penalties for violations of air raid and blackout regulations of the State Defense Council, according to an Associated Press dispatch from Harrisburg.

The senate yesterday passed a measure, 38 to 3, despite protests, which would impose a maximum fine of \$200 and 90 days imprisonment for violation of blackout or air raid regulations and \$1,000 fine and two years in jail for intentionally turning in a false air raid alarm.

The house already has passed a similar measure. Another bill on the same subject was passed, 37 to 4, by the senate and sent to the house. It would allow courts to double penalties for crimes committed during air raids or blackouts.

N. P. C. DISPLAYS HONOR FLAG FOR BOND PURCHASES

New Process Company employees are justly proud of the Minute Man flag which is now displayed over the Hickory street entrance of the company's offices.

The privilege of displaying the flag was won by 100% participation in the Defense Savings Plan through which the more than half a thousand employees voluntarily authorized deductions from their salaries for the purchase of Defense Bonds, in accordance with a plan advocated by the U. S. Treasury Department.

Each employee also received a lapel pin signifying membership in the New Process Company Victory Club.

The large blue flag, one of the first of its kind to be flown in this section, bears a reproduction of the famous Minute Man statue, surrounded by the thirteen stars of the original colonies.

Airplanes that will dive as fast as sound itself are now on drafting boards.

RESTRICTIONS ON TELEPHONE SERVICE

BECAUSE of critical shortages of materials needed for planes, tanks, ships and munitions, certain restrictions on the nation's telephone service have been ordered by the War Production Board.

It is estimated that approximately 35,500 tons of lead, 29,000 tons of iron and steel, 29,500 tons of copper, 650 tons of crude rubber and large quantities of other scarce materials will be saved annually as a result of these restrictions.

EXTENSION TELEPHONES

The order requires all telephone companies to discontinue installations of extension telephones in residences, except when necessary for the use of those responsible for the public health, welfare and security.

REPLACING TELEPHONES

Also prohibited is the replacing of existing wall-type and desk-stand telephones with handsets.

PARTY-LINE SERVICE

Under the order, party-line service only may be supplied in any location when a shortage of local telephone facilities, as defined in the order, exists.

THESE restrictions will conserve materials vital to victory. They will cause some sacrifice of convenience for some of us. But no American will begrudge any sacrifice that will help America win the war.

We shall do our utmost to provide adequate and dependable telephone service, limited only by such restrictions as may be imposed. We count on your cooperation. You can count on ours.

MERITORIOUS BILL

Congressman Martin L. Sweeney, of Ohio, has in-
troduced a bill in the House of Representatives known
as H. R. 6486, and provides, "... to increase the salaries
of certain postal employees." The measure was offered
January 28, 1942, and is now in the committee on the
Post Office and Post Roads.

People who appreciate the patriotism and loyalty
of the postal employees will agree with Congressman
Sweeney who said recently in a speech: "I consider the
bill necessary to continue the retention of experienced
and efficient men in the service by assisting them to meet
the rising cost of living. During the last war postal
service was demoralized by the wholesale separation of
men going into war industries to secure higher wages.
The Post Office Department is built upon service and
the public, I believe, will insist that efficient service be
maintained in war-time more so than in times of peace."

It has been said that an upward reclassification of
postal salaries is imperative. The employees, it is argued,
are in urgent need of an increase to meet present-day
conditions. They must be prepared to carry on through
the war days. They should be given an opportunity to
face the post-war days with confidence. They are eager
to do their share in financing the gigantic war program
now facing the nation. Postal workers are an integral
part of every community. It would be folly to invite
community distress by not making certain postal work-
ers will be able to participate in national recovery.

HURRY—HURRY—HURRY

There has been considerable demand that the name
of "Defense" on bonds and stamps be changed to "War".
But, reminds postoffice authorities, that would mean the
discarding of thousands of bonds, millions of stamps
already printed and ready for sale. In these days of
war, the cost of reprinting can be better applied to a
bomber.

Tentatively, however, the government has set a
date—July 1—when "Defense" bonds become "War"
bonds. The rest is up to you.

We can't afford to waste anything now. So let's
double up on all purchases of bonds and stamps. Let's
use up all those already printed before July 1. The
line forms at the stamp and bond window.

Officials of the local chapter of Bundles for Britain,
Inc., announce that there is still a notable lack of avail-
able surgical instruments for use overseas, the supply
being far short of what is required. Anyone in Warren
or vicinity having extra equipment of this character
may do his bit by calling officials of this office and
helping to get this needed aid to the boys serving in
the various theatres of war.

A Warren motorist suggests a coat of shellack for
those new automobile license plates to help preserve
the paint and metal for possible further use after the
first of April, next year. Not a bad idea!

Sugar bushes in Warren county were never busier
than right now and according to samples being dished
out the syrup was never more delicious.

Perhaps you may have noticed it isn't so hard to

LENTEN SERMONETTE
THE RESURRECTION TRIUMPH
Rev. M. J. Christie, Tidouate

So long as life shall last, Christians will point to the Resurrection
of Christ, to the empty tomb, with a joy and a triumph, a significance
broad, deep and abiding.

It meant much to the disciples of that day; it means much to
us today in this war-torn country, when we know not what a day may
bring forth. It was a dark day when Jesus was crucified and His
body laid in a borrowed tomb. With His death perished their hopes.
He, whom they thought would redeem Israel, had been conquered; but
the finite mind had not contemplated the resurrection triumph.

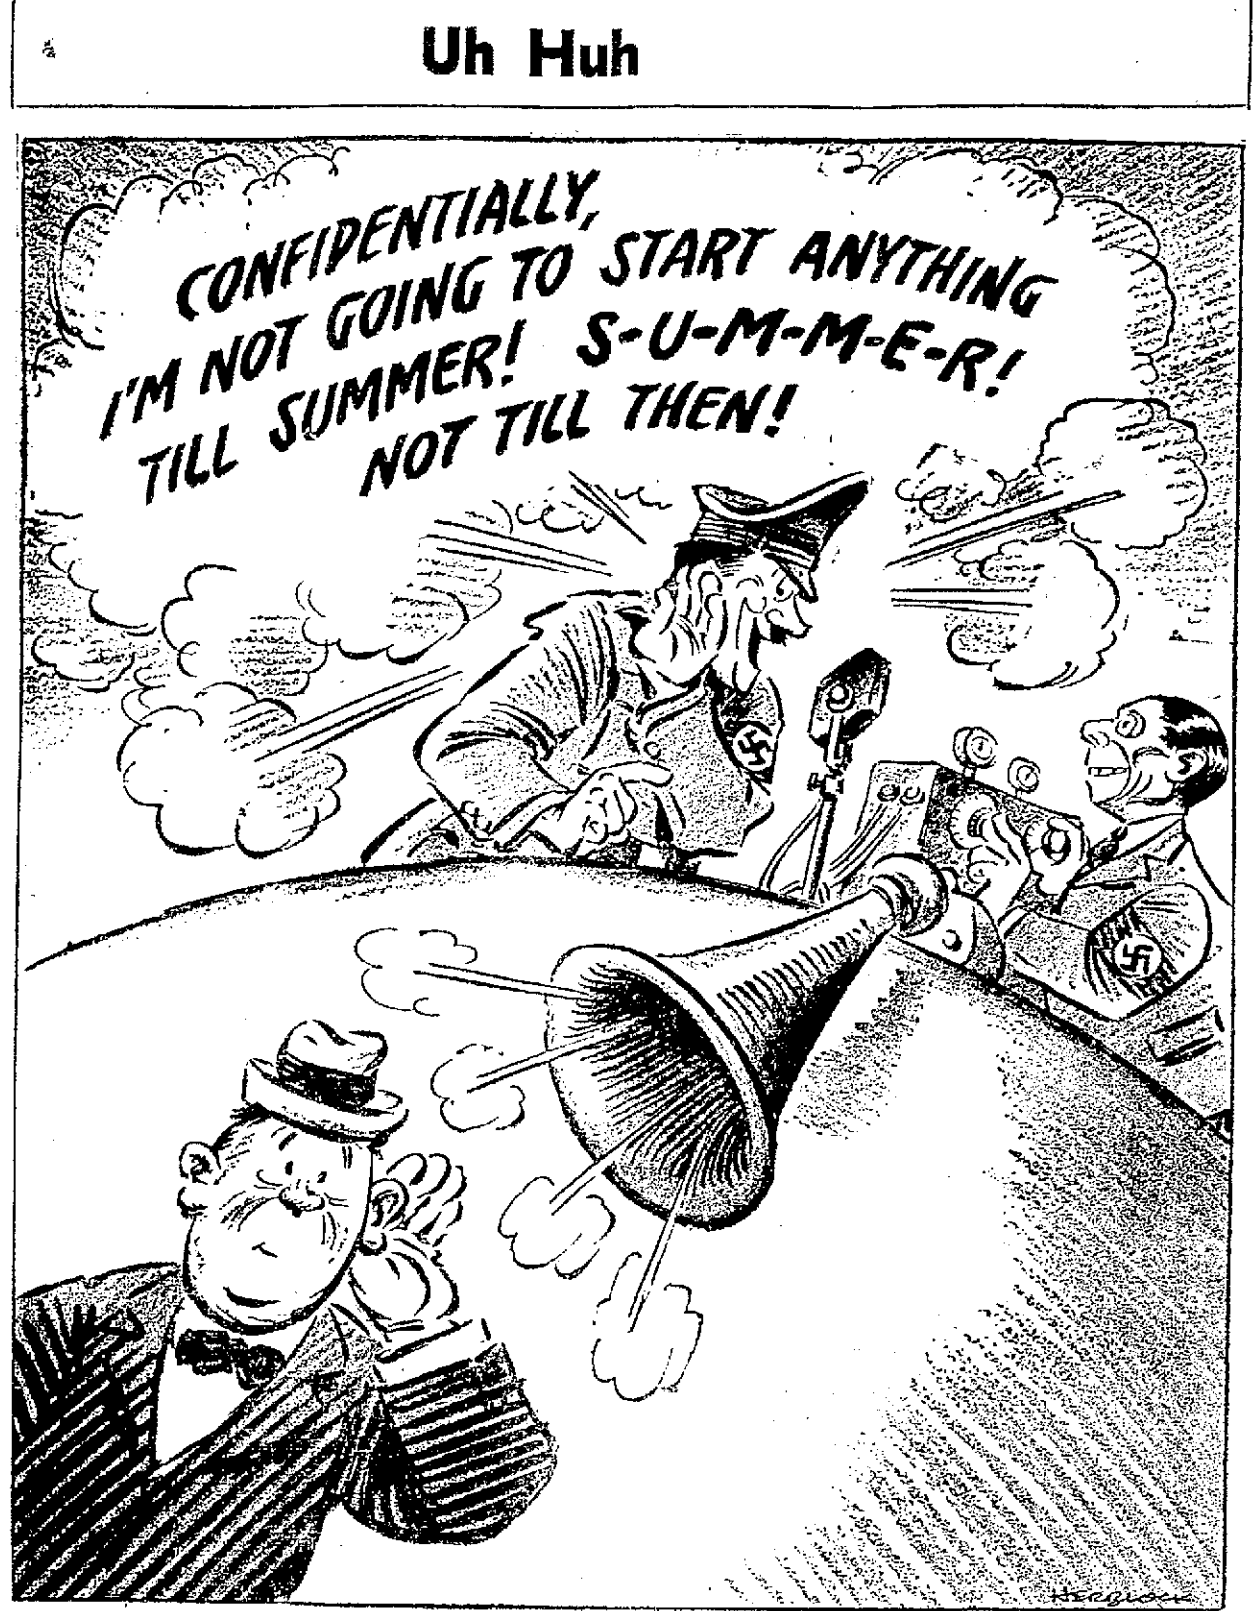

If there be one doctrine of the Bible of greater importance than
another, it is that of the Resurrection. He came forth from the tomb
in triumph. The resurrection of Christ was a triumph over the
machinations of the Jewish council. Even though He were dead, they
were ill at ease. The resurrection of Christ was a triumph over the
Roman authorities. The Jews put the Roman soldiers in charge of
His tomb, sealed with the seal of authority, but He came forth—
triumphant.

The resurrection of Christ is a pledge, a proof, of our resurrection
triumph. As He became the first fruits of them that slept, so shall
we be resurrected if our lives are for Him and for His glory. We
shall share in the all-glorious resurrection of triumph.

T-H-O-U-G-H-T-S

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—This war isn't
like the last. Nobody who has
been in both will even argue the
point. But in some respects his-
tory does repeat.

For example, President Roose-
velt has come out for federal
dormitories on the Mall. The
Mall is the most picturesque strip
of government land in the na-
tion. It stretches from the Lin-
coln Memorial and the Reflecting
Pool to the backdoor of the Cap-
itol. In its path are the Wash-
ington Monument, practically all of
the modern government build-
ings, the famous old Smithsonian
Institution, the Mellon Gallery of
priceless art treasures.

No person seriously interested
in the war effort is going to com-
plain about disfigurement of the
Mall. This is war. We can well
afford to hide a few of the na-
tional shrines behind temporary
buildings, if it will help us get
the job done.

BUT when the President ex-
presses personal interest in
temporary housing for war work-
ers and suggests just how the
architects should lay them out
and where they should be placed,
it's hard to keep from harking
back to 1918.

President Wilson took a per-
sonal interest in temporary dor-
mitories for war workers, par-
ticularly women. He drove
around the capital, he picked out
a site—on the Capitol plaza. He
made architectural suggestions.
And in August, 1918, the dor-
mitories were under construction.

The rooms were nine-by-11
feet. (President Roosevelt sug-
gests similar rooms, with the only
important change that the walls
need not extend to the ceilings.)
There was a central bathing
room at one end; a recreation and
reception hall at the other, on
each floor. President Roosevelt's
suggestions for architectural com-
forts and recreation do not vary
importantly. The President sug-
gests a rental of 50 cents a day.
But what happened in 1918 is
interesting. The buildings were
not completed until after the war
was over. Still, there was plenty
of war workers on hand to fill
them, even in 1919. The only
trouble was that the construction
of the buildings, the management,
the allocation of rooms (it was
claimed political appointees with
comparatively high salaries were
given first choice of quarters),
were under fire of congressional
investigating committees from
the time the first foundation was
shoveled out.

Tenants organized into vigi-
lante committees and took their
demands before Congress. Their
complaints were endless. At one
time, in the women's dormitories,
armed guards patrolled the halls
to keep order.

And it was ten years before
these temporary buildings were
torn down.

If history repeats now in re-
sults obtained, the administration
is in for a good old 1919 head-
ache. It's just a question whether
that will be a lesser or greater
migraine than continuing with
present inadequacies of housing
for war workers in the capital.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—Though everyone
knows that Ilka Chase is an
active whose mother is editor of
Vogue, not everyone realizes how
outspoken she is or what hatred
for red tape she carries in her
shapely brunette noggin.

They haven't known up till
now, that is, but they will when
they read her altogether enjoyable
remembrances and impressions
which have been published under
the banquy title of "Past Imper-
fect."

Miss Chase is a strong-minded
and self-willed young woman who
has variously been called "the
Minx in mink" and "the electric
brunette." You'll remember her
for her part in "The Women" and
for various other activities, in-
cluding two years on the air.

THE episode I wish especially to
relay concerns her first mar-
riage, and an actress she worked
with in the Stuart Walker com-
pany.

"In my Baltimore and Cincin-
nati days," she recalls, "the the-
ater was more foolish. Love held
sway on the stage, and off-stage
there were jealousy and affection,
tears and laughter and parties,
poisonous prohibition gin, and a
touch of high life in the person
of Miss Julia Hort, who had so-
cial position. Julia was in the
Stuart Walker company, and she
was fun and always nice to me.
Later on we married and dis-
covered the same man. I got there
first, but she lasted longer, and
though we rarely see each other
now, I would say that our mutual
sentiments are friendly if tenuous.
A month or so after Julia mar-
ried my ex-husband, I was play-
ing in Chicago, and in going

through a trunk which had been
sent on to me from New York,
I found a box of calling cards, in-
graved "Mrs. Louis Calhern."
They were the best cards—thin,
flexible parchment, highly em-
bossed—and it seemed a pity to
waste them, and so I mailed the
box to my successor. But aware
of Louis's mercurial marital habits,
I wrote on the top one, "Dear
Julia, I hope these reach you in
time." I received no acknowleg-
ment."

WHAT used to drive Miss Chase
into fits of impotent rage was
what she regarded as the "obvi-
ous fence-straddling" of the
broadcasting companies so as not
to offend Axis sympathizers. At
that time the movies considered
filming "A Yank in the R.A.P."
but some busybody quibbled that
public opinion had not crystallized
sufficiently to make it safe for
such a picture to be produced. As
Miss Chase points out, "He was
sensed by the report that it had
crystallized enough to make a pro-
duction called 'A Yank in the
R.A.P.' inadvisable." During
one interview with Tallulah
Bankhead the actress wanted to
use the line, "Well, I like, I love
England. You know I lived there
many years." Miss Chase says the
line was not allowed because it
was "English Propaganda." During
the line was edited to read, "I
love the English theater."

It's a curious recital of the
things that have touched her life.
This book-curious because all
venom is tinged with laughter.
There are no mortal blows, only
fresh wounds. I believed every
word of it. I can not say this for
every autobiography I have read
this year.

Methodism in Warren will lose
two of its most active workers
when Dr. and Mrs. C. T. Greer of
First church leave next week to
assume their new duties at First
church in Erie. Dr. Clarence E.
Allen will succeed Dr. Greer here.

Billy Shine, small son of Mr. and
Mrs. Arthur Shine, Cobham Park
road, was bitten on the left leg
yesterday morning by a dog which
was tied at the rear of the War-
ren Dry Cleaning plant, Pennsylv-
ania avenue, east. The bite was
not serious.

Hundreds of youngsters partici-
pated in the 10th annual American
Legion Easter Egg hunt, held this
afternoon in the park on the South
Side. The Legion Drum Corps was
on hand to add a gala touch to the
occasion.

Among other matters to be discussed is a proposed resolution for making veterans of World War II eligible for Legion membership. A resolution to that effect is to go before the Legion's convention next September in New Orleans.

WARREN COUNTY GETTING SHARE OF LEGAL TROUT

Warren county anglers who are eagerly awaiting the opening of the trout season on April 15 will find plenty of game fish awaiting them, according to L. E. Linder, who is in charge of the restocking program in this county.

Already there have been 11,600 legal-size fish placed in streams of the county. An additional assignment of 3,100 trout is expected this week and before the season opens it is estimated that nearly 40,000 will have been planted.

Linder said today that on Friday at 7 a. m. a truck carrying 1,800 legal-sized brown trout will arrive at the Clarendon post office to be placed in the west branch of the Tionesta Creek. Sportsmen are invited to be on hand at that time to assist with the work.

Throughout the state it is expected that approximately 1,200,000 trout will be placed in approved streams either by the middle of April or shortly afterwards, according to an Associated Press dispatch from Harrisburg.

C. R. Buller, Fish Commissioner chief fish culturist, expressed hope that last year's stocking would be exceeded by a considerable amount. He stated that 30 to 35 trucks are on the road almost every day and night to finish up the program. Brown, brook and rainbow, raised at the five of nine state hatcheries breeding trout, are placed in approved streams. All fish in the restocking program are at least the legal six inches long.

BORO TO SAVE \$20,000 UNTIL AFTER THE WAR

Expenditure of approximately \$20,000 by Warren borough for new traffic lights will be postponed until at least a year after the war if the state senate acts favorably on a bill which is now in the upper chamber of the state legislature.

The senate government committee yesterday released a house bill to suspend the state law requiring all overhead traffic lights to be changed to the corners of intersections.

In Warren there are ten lights which would be affected. With the necessity of wiring changes to place lights on each of the four corners of intersections, the estimated cost is \$2,000 for each change.

Warren already has received an extension of time under the law, which was to have gone into effect last January 1.

According to an Associated Press dispatch from Harrisburg today, the senate state government committee also approved bills to:

Authorize the state highways secretary to issue free permits to owners of overweight and overlength trucks to haul defense materials on highways.

Allow persons in military service to renew their drivers license without cost.

Permit soldiers, sailors, marines and war nurses to get marriage, birth and death certificates free of charge.

With U. S. fighter planes now sweeping far out over New Guinea, in the battle for the approaches to Australia, only three Japanese bombers ventured to attack Port Moresby in the southern part of the island today—one of the weakest enemy raids there yet.

A Washington communique disclosed that American fighter pilots soaring across the Torres Strait between Australia and New Guinea had escorted bombers in an attack on Japanese-occupied Lae, New Guinea, 400 miles from the nearest Australian base.

The war department said a force of six U. S. bombers and nine P-40 fighters destroyed three Japanese heavy bombers, ten fighters and two unidentified aircraft in the raid, which occurred Monday.

Biddle is Not Entering Race For Governor

(From Page One)

Biddle added that occasionally some Pennsylvania party leaders have conferred with him about political developments there, but he asserted, "I've kept clear of the matter of Democratic nominees and I think I should keep clear."

Asked if he thought there would be a "tussle" over the nomination of Earl G. Harrison, Philadelphia, as commissioner of immigration and naturalization, Biddle said, "Oh, no, I do not think so."

President Roosevelt sent Harrison's nomination to the senate yesterday and Guffey immediately announced he would oppose confirmation.

At one time, the word "cattle" was used for all farm livestock.

Deaths Last Night

Marquette, Mich.—George Shiras, 83, father of wild life photography, author and son of George Shiras, Jr., a U. S. supreme court justice.

New York—William E. Woodward, 69 locomotive designer.

Louisville, Ky.—The Rev. Dr. Henry Clay Morrison, 85, editor of the Pentecostal Herald, Methodist churchman and president emeritus of Asbury College.

Los Angeles—Frank M. Harrison, 55, of Pittsburgh, secretary-treasurer of the Jones and Laughlin Steel Company.

According to census figures, Hickory, N. C., is one of the fastest growing towns in the United States.

MODART Lacing Girdles of NYLON

This lovely MODART lacing girdle of feather-weight NYLON appeals to every woman who loves beautiful things.

You cannot appreciate its real beauty until you wear it, and note the many things it does for your figure. The smooth firm lines and gracious curves, the marvelous comfort, which is the result of correct posture and support.

Ask to see Model No. 230. There's real value in a MODART.

BRADFORD ELIMINATED BY SHARON, LOWER MERION WINS

Unpredictable District Ten Champs Lead 29-15 at Half; Berwick Bows in Hard Fight

BY JERRY WEINSTEIN
Philadelphia, March 25.—(P)—For the second time in 12 years, Lower Merion and Sharon will battle for the Pennsylvania Interscholastic Athletic Association's basketball championship.

The rivals, who will clash at Penn's Palestra here Saturday, gained the final round with impressive victories over Berwick and Bradford in regional title tests last night.

Lower Merion, District One representative and defending state champion, survived a hectic first half to turn back Berwick, District Two winner, by a 30-25 margin in the eastern final before 8,000 fans here.

Sharon, surprise District 10 champion, put on a terrific second-quarter spurt to upset Bradford, 40-35, in the western climax at Pittsburgh. It was the first loss in 25 games for the District Nine standard-bearers.

In 1930, Sharon defeated Lower Merion for the state crown. The defending titlists will be entering the finals for the second time in 12 years.

Lower Merion was forced to come from behind three times in the first half against the battling Berwick Bulldogs before gaining a 15-11 lead at the rest period. The score was tied four times before the winners went in front.

Then, paced by Greer Heindel, center, and Joe De Felice, a substitute guard playing his first inter-district game, Lower Merion started to win with comparative ease.

Nearest Berwick came through the efforts of star Center Ellis Colone, was 24-20 and 29-24 late in the contest.

Heindel was high scorer with nine points. De Felice posted eight and Colone accounted for seven.

Sharon and Bradford were deadlocked during the first period at 9-9. Then, with Pete Molnar going on a spree, Sharon rushed to a 29-15 lead at the half. Bradford rallied admirably to whittle the edge to 32-24 at the end of the third quarter and then pulled up to within four points in the fourth session.

Molnar captured individual honors with 18 points. Moffatt threw in 13 and Barry 11 for Bradford. Lower Merion's path to the finals was marked with victories over Gettysburg, District Three champion, and Shamokin, District Four representative. Sharon drew a bye in the first round and then toppled Franklin Boro of District Six.

ROCK CLEANERS ENJOY BANQUET AT OUTING CLUB

Another curve on the farewell road was made by Mr. Basketball last night at the Marconi Outing Club where the Rock Cleaners, finalists and runners-up in the recent Y. M. C. A. Class A League, wound up the season's activities with a banquet and an exceptionally enjoyable evening.

Players Bill Mulvey, Louis Check, Tony Fazio, Nick Creola, Chuck Clawson, Eddie Burns, Kenneth Foreman, Joe Rock and Manager Dominic Rock, also Y. M. C. A. Physical Director Ed Hasler and Times-Mirror Sports Editor Floyd Passinger, were in attendance for a spaghetti dinner at eight o'clock, after which all were invited to stay and see the new floor show at the club.

Several brief speeches were made in regards to the local court campaign and its meaning on the Cleaners, but the highlight of the evening for those present was listening to Michaela Strange, outstanding baritone who topped everything in the floor show, and answered call after call for encores.

The Rock quintet expects to be back in the loop next year. Preparations for last night's dinner were made very capably by Manager Dominic Rock.

Then, paced by Greer Heindel, center, and Joe De Felice, a substitute guard playing his first inter-district game, Lower Merion started to win with comparative ease.

Simon Plans to Use Body Attack on Louis

Summit, N. J., March 25.—(P)—An army travels on its stomach, and since Joe Louis is in the army, Abe Simon's battle plan for Friday night's fust in Madison Square Garden is to bang away at Joe's tummy to see how far it can travel.

Large Abe gave the tip-off on this stunt today as he wound up training for the 15-round rowdy-de-do for the army emergency relief benefit. Simply, he plans to charge the Bomber into the ropes right from the word go and work on the mid-section until something happens.

At least, Abe is going into the ring with that idea in mind. What Joe will do about it is a horse from a different garage altogether. Joe's funny that way.

But that isn't worrying the Long Island dreadnaught a bit, because Simon predicted flatly today that Simon would win.

SPORT SPATTERINGS

Last night's Rock Cleaners basketball team banquet held at the Marconi Outing Club met with the approval of all who were present. Especially the aftermath which provided for a nifty floor show appearing this week at the club. The Rocks may not have been champions on the court this season, but they weren't outdone in the banquet halls. And they don't have to take second place when it comes to having insatiable appetites. All joking aside, however, Dominic Rock, manager of the outfit and in charge of last night's festivities, did a first class job as everyone will agree. We might add a bit of personal comment on the Sheffield O'Connors banquet last Saturday night, though we weren't there, we're told it too was a top notch affair. And what could be more attractive gifts for champions today than defense hands such as they received from J. M. O'Connor, their sponsor?

Dribbling along, another highlight on last evening's local sports program was Patsy Natalie's two performances, at the Elks and at the Warren Billiard Academy, where he pleased large crowds for two shows. And talking about the billiard academy, owned and operated by George and Gust Cottillion, here's quite a gag that has a little more than just humor, sprung the other night by George on one of these credit bugs who are always looking for something they can put on the cuff. Saying he'd gladly pay Tuesday for a game of pool that day, the hum was nearly knocked off his feet when George casually replied, "In God we trust, all others pay cash." And he had no more trouble for that evening. We want to correct that basketball story concerning the ex-Dragons which was reported last night. Bob Luquett, not Alan Buerkle, collected 14 points for the fire-eaters. Buerkle, who played only a couple of minutes, had no chance to score. However, the mistake was made on the scoresheet we received, and not having seen the game, we were in no position to doubt the veracity of the score, card, thus the error was committed. So give us an assist on the miscue. Reason we didn't see the game, though, was because not even the players knew it was going to be played till an hour before they took to the court.

SPORTS ROUNDUP

New York, March 25.—There seems to be no end to the surprises connected with Friday's Louis-Simon fight. The cash customers have paid for some 3,000 free tickets to be given to soldiers (including 1,428 bought by Lieut. Commander Walter Winchell of the navy). Jimmy Johnston refuses to make his usual holler about the officials. And instead of being examined by the commission doctor, Joe got a going-over by a Fort Dix army medic who announced: "Louis is so perfect he's a textbook." If the National Football League doesn't operate next fall, Elmer Layden's salary as commissioner will automatically drop from \$20,000 to \$7,500. A second, idle year would pay him \$5,000 and after that, nothing at all.

Current rumors in the baseball camps concern a Giants-Phillies deal of some sort, the sale (maybe) of Bobo Newsom and a Pirates-Reds trade involving Maurice Van Robays. Babe Herman reports his job of doubling for Gary Cooper in the hitting sequences of the Lou Gehrig picture was something

to dream about. "Four weeks of hitting nothing but home runs," he announced. The Milwaukee Brewers will take on just 33 selected kids for their summer baseball school. Ernie Bonham, the Yanks' fork-ball pitcher, exercises his hands with a three-pound iron ball before going out to pitch. He says the idea is the same as a batter's in swinging three bats before hitting—it makes a baseball feel lighter.

Records Fall, Scores Soar, As City League Has Target Practice on Arcade Alleys

Plenty of bombing took place at the Arcade last night, where the bowling spotlight was turned on the City League, only loop in action, and both team records went up in smoke, replaced by a pair of husky scores that should rest comfortably until the next session.

With two games over 1000, their second game a bulging 1030 and the third for 1002 pins, the Darling Jewelry took a three-point victory over McCabe's Restaurant, which won with a new record total 2987 to 2934 for the losers, which might easily have been a new mark today.

The Recreation Center posted two 900 games and then broke loose in the third to set a new single game team mark with 1103 and come in with 2950 total pins, winning four points from the befuddled R. & B. Smoke Shop. The Texas Lunch started with a snafu, losing 1027 opener and rode the crest of the tide for a clean sweep of points over the Busy Bee, winning total pin points on a score of

2928 to 2760. V. F. W. 631 lost three points to Warren Baking Company.

Individually, Frank Fadale topped the sharpshooters with 672 on games of 255-229-188, and there were nine other 600 totals hung up in the record books. How Nummy Wooster's high mark of 700 remained unscarred is a mystery.

Eddie Hagberg finished with a 235 to add up 605. Barney Malone cashed in honor roll games, the cash of which was 255, for a 653 total. Karlson hit 652 and Harold Bjers knocked off 627 all in the McCabe's vs. Darling's match.

Everett Hoagvall deposited a 258 third game to end with 615 and Otto Llynch had a 224 windup to tally 622. Myron Check had games of 221-211-225 for a 657 series. Miller had 205-209-206 for 620, Pete Juliano wound up with a 227 chaser and a total of 602, while Nummy Wooster wound up the 600 totals with 631 on games of 185-221-225.

Honor roll scores: Dick Check, 2928 to 2760. V. F. W. 631 lost three points to Warren Baking Company.

BUNDLES GROUP SENDS ANOTHER LARGE SHIPMENT

In conjunction with announcement of a special request from the Duchess of Leinster for additional surgical supplies for overseas, the Warren Chapter of Bundles for Britain and Bluejackets reports another large shipment of articles to the national headquarters in New York.

The articles sent numbered 1-458, including 569 knitted garments, 732 pieces from the sewing rooms and 137 used garments. Thirty-two women met yesterday in the work room at the United Refining Company office for sewing. The move to former headquarters in the Warren Bank and Trust Company building has been accomplished and a shipment of yard for both Bundles for Britain and Bundles for Bluejackets is expected momentarily.

Mrs. E. G. Hamilton, chairman of the hospital supplies division, reports that the following letter has been received from the Duchess of Leinster:

"The various outposts of war are asking for thoroughly reconditioned, used medical instruments. Fortunately, we are able to send between 5,000 and 6,000 to Libya at once, but more are needed. Please help me meet this urgent need, which is increasing, by sending as many instruments as you can collect to our warehouse and sent overseas. American troops are fighting in these areas, together with our allies, all of whom need our material and moral aid."

Any person having such instruments to donate to this cause is asked to communicate with Mrs. Hamilton at 930 or to the chapter headquarters, 1825-M.

After taking the first diamond, East led a heart and let South hold the trick. South continued diamonds. East won, led a heart to the ace, and then a third heart. When the suit failed to break, declarer won only eight tricks.

"Now," the "er said to me, "I found out a wards that I could have made this hand. Do you see how?"

"Yes," I answered. "I see that you could have made it. After taking the third round of hearts, South forced out your third top diamond. You should now have cashed the ace to clubs, then led the six of clubs and finessed the ten if South played low. Then you lead a fourth heart from dummy, discarding your king of clubs. South takes his good diamond, but then has to lead clubs, and you get in dummy to cash the fifth heart."

"Do you mean to say that you saw all that at a glance? And do you think I should have figured it out?"

"Well, frankly," I said, "I didn't have to figure it out. I only had to recognize the hand. About six years ago, substantially this same hand turned up. And Charles Goren of Philadelphia played it just as I have described in order to make contract. There is your answer to the question of whether a player should be able to figure out this chance with only two hands in sight."

Home Economics News, Mrs. Edith Davison, home economics adviser from the Department of Public Instruction, Harrisburg, spent three days last week visiting home economics departments in this area.

In her visits to the home economics teachers and principals at Youngsville, Sheffield, and Sugai Grove, she especially urged worthwhile nutrition projects.

Mrs. Davison commented favorably on the improvements made in the departments this past year. In each instance, furnishings and draperies have been added to help create a home atmosphere.

Thursday, Mrs. Davison with Arlene Schure, Warren county adviser, Mrs. June Millison, Crawford county adviser, Marie Kase, and Loreen Cummings, Erie county teachers, visited the home economics departments of the Bradford High School. The group were especially interested in the splendid work being done in the new vocational department there under the direction of Margaret Kish.

Visits were also made to the Jones and Jay township schools in Elk county. Recently approval for a vocational department was granted to the Jay township school at Weedville. This will be the first vocational home economics department in Elk county.

Mrs. Edith Davison, Arlene Schure and Kathryn Keslar were luncheon guests Wednesday of Mrs. Allan H. Frank, of Sugai Grove.

F. F. A. News, Plans for Annual F. F. A.

Agri-cultural News, Vocational instructors and supervisors of Warren, Crawford, and Erie county met Monday, March 22 at Congdon Hotel in an open forum with Supervisors D. L. Crum of Meadville, B. E. Decker of Edinboro and C. F. H. Wuesthoff of Warren directing the discussions. The subject was "Bettering Vocational Agriculture." In addition to the above subject victory gardens, scrap accumulation and machinery maintenance will come into the discussion.

Another Ship is Blasted By Sub in the Atlantic, The name of the ship was not given out and no detail was made available here.

"get together" and area conventions are complete. Over 125 young men studying vocational agriculture in Warren and Forest counties are expected to congregate in Tionesta by means of four school buses. After current business is set arranged. The nine F. F. A. chapters plan to organize this district into an area council to conduct business concerning state conventions, representations, and area activities. State Farm Show ribbons and checks will be awarded. Honorary degrees will be conferred upon Robert Gay and E. C. Sigworth of Forest county, who have been outstanding in their activities in the interest of vocational agriculture and the Future Farmer movement. The evening will be concluded by basketball and boxing tournaments with nine teams participating.

Price Hike in Crude Allowed, closed sessions, it was said that its function was to determine all the facts of existing pipe lines, their use, possibility of increasing capacities, of salvage and of re-laying old pipe lines along more needed routes.

The midwestern refinery and crude oil market continues dull, with no outlet for heavy stock. Texas plans to shut in production 18 days during April.

Violent Battles Develop, The army newspaper Red Star said German losses in counter-assaults against Soviet pressure on the central front were so great that the operations could be described as the equivalent of passing through a meat grinder.

Berlin (From German Broadcasts), March 25—(AP)—In a fresh outburst of activity in the far north, the German high command asserted today that its air raiders had damaged a merchant ship and harbor installations at the Soviet Arctic supply port of Murmansk and had shot down eight fighter planes, seven of them British-made Hurricanes.

The daily war report on operations on the main Russian front, however, stressed defensive actions.

In a northern (presumably Leningrad or Kalinin) sector Elite Guard formations were credited with helping to drive back Soviet forces which had penetrated their lines. The 20th Tank Division was said to have beaten off 140 attacks by numerically superior Russian units and to have destroyed 65 tanks in "defensive battles" which lasted several weeks.

CARRIER LOANS ARE INCLINED TO FALL BACK

BY VICTOR EUBANK

New York, March 25—(AP)—The stock market could offer little today to compensate for a marked shrinkage of interest in the lately soaring railroad bonds.

Affected by broad profit selling the carrier loans were inclined to fall back a bit from the 1942 peak levels recorded Tuesday.

In stocks most of the price swings were too narrow to have much meaning for speculative contingents. The market indexed its trend at the start with a mixture of minor gains and losses in the leaders. This form was maintained near the fourth hour.

Getting into advanced territory at times were U. S. Rubber, American Telephone, Western Union, Cerve De Pasco and United Aircraft. Motors and steels were a little soft as was Westinghouse.

Legislature Aims to Quit Before End of Next Week, adjourned until Monday, the senate returning a 4 p. m., and the house at 9 p. m.

Before quitting until noon today the house and senate exchanged bills in a flurry of activity. Approved in the senate and sent to the house was a measure providing \$200 fine and 90 days imprisonment for violating blackout regulations of the State Defense Council.

The senate also passed 33 to 9 a bill to suspend for the emergency a law requiring registration of motor-driven farm trailers to enable farmers to save tires by using various types of trailers.

The house passed and sent back to the upper branch for action on minor amendments a bill authorizing the use of material other than metal in automobile license plates. Also passed by the house and sent to the senate were bills to:

Allow the fish commission to declare closed seasons when necessary for conservation during the war period.

Suspend hospital regulations requiring a resident physician during the emergency.

Permit granting of an osteopathy degree in less than four years by abolishing summer vacations.

The daily war report on operations on the main Russian front, however, stressed defensive actions.

In a northern (presumably Leningrad or Kalinin) sector Elite Guard formations were credited with helping to drive back Soviet forces which had penetrated their lines. The 20th Tank Division was said to have beaten off 140 attacks by numerically superior Russian units and to have destroyed 65 tanks in "defensive battles" which lasted several weeks.

Price Hike in Crude Allowed, closed sessions, it was said that its function was to determine all the facts of existing pipe lines, their use, possibility of increasing capacities, of salvage and of re-laying old pipe lines along more needed routes.

The midwestern refinery and crude oil market continues dull, with no outlet for heavy stock. Texas plans to shut in production 18 days during April.

Violent Battles Develop, The army newspaper Red Star said German losses in counter-assaults against Soviet pressure on the central front were so great that the operations could be described as the equivalent of passing through a meat grinder.

Berlin (From German Broadcasts), March 25—(AP)—In a fresh outburst of activity in the far north, the German high command asserted today that its air raiders had damaged a merchant ship and harbor installations at the Soviet Arctic supply port of Murmansk and had shot down eight fighter planes, seven of them British-made Hurricanes.

World's Greatest Coverage Available to Readers Now

Through The Associated Press and its great correlated service, Wide World, the Times-Mirror gives its readers the world's greatest news coverage.

The Associated Press (AP) concentrates on spot news and Wide World (WW), on special materials that range from war interpretations to comic strips.

Wide World News produces close-to-the-news stories that go out daily over AP's 285,000-mile leased wire network. These stories are written by world-famous reporters who look behind the scenes to explain, interpret, forecast, instruct and entertain.

DeWitt MacKenzie and Kirke Simpson write daily war analyses. Howard W. Blakelee handles stories relating to science; Devon Francis, aviation; Paul Gesner and John Beckley, business; Hugh S. Fullerton, Jr., and Whitney Martin, sports; and C. E. Butterfield, radio. Other familiar Wide World bylines are those of Gladwin Hill, Don Whitehead, John Lear, Sigrid Arne and Gayle Talbot. Thousands of AP staff writers—at home and abroad—also contribute background and human interest stories.

Another division of Wide World, called Wide World Features, mails out correlated material in printed and matted form—features relating to sports, women, books, food,

radio and politics, along with pages of charts, maps, comics and columns.

Wide World Features has a huge staff of specialists who turn out everything from serious war features to "keep 'em laughing" stories. Among the noted reporters who write for Wide World Features are Herman Allen, Ray Penock, John Selby, Dillon Graham, Robert Geiger, John Grover, Sam Jackson, George Tucker, Jack Stinnett, Robbin Coons, Adelaide Kerr, Margaret Kernodle, Vance Packard, Fred Browning, Lucrece Hudgins and Dorothy Roe. Wide World Features has bureaus in New York, Washington, San Francisco, Hollywood and Denver, and draws on members of AP's general staff, as well as free-lance writers and artists.

Still another division of Wide World, called Wide World Photos, mails out in print from unusual feature and semi-spot pictures produced by some of the nation's best photographers and photo editors.

Wide World Photos specializes in distinctive picture sequences that tell a complete story.

These Wide World divisions cooperate closely with The Associated Press to avoid duplication and give member newspapers everything they need in the way of press association material.

GIRLS MAY GET OFFICE PLACES IN WASHINGTON

Girls who would like to take their place in the front lines but who can't because of their sex, now have an opportunity to serve their Government in important war positions.

In order to keep the country's huge war machine operating at full speed, thousands of women and girls are needed "behind the lines" to keep the necessary books and records up to date so that the fighting men can be kept supplied with everything they need to win the war.

In this connection the Civil Service Commission is now recruiting for stenographers and typists to go to Washington to work in the various government bureaus there. Those found qualified will be paid \$120 a month.

Tests for these important positions will be given at Warren, Pa., was announced today by W. U. McMichael, secretary, Board of U. S. Civil Service Examiners.

The tests will be sent immediately to the Philadelphia office of the Civil Service Commission and successful applicants will be notified to report to Washington within a few days.

Girls hired will be classified as junior stenographer or senior typist. Both positions pay the same. In addition, there is a good chance of advancement for those who show ability. Numerous positions of great responsibility are available for girls starting as stenographers and typists.

There are several agencies in Washington that specialize in obtaining rooms for job-holders. They include the Defense Housing Registry, the Washington Room Exchange, the Y. W. C. A. Room
